

# H1 Genuine] Analog Electronic Technology(Chinese Edition)

By ZHENG GUO PING ZHU BIAN .

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pub Date :2006-11-01 Pages: 2006 Publisher: Tsinghua University Press title: analog electronic original price: 28 yuan: Zhengguo Ping editor. bell level. Qiu Shuxian. deputy editor of Press: Tsinghua University Press Publication Date : 2006-11-1 ISBN: 9787302137382 words: Page :2006-01-01 Edition: Binding: Folio: Product ID: 330501 edit the recommended analog electronic technology is a basic course of the electrical. electronics. communications. automation. mechatronics. Book writing process. adhere to the guiding ideology for the purpose and characteristics of application to build the curriculum and teaching system that truly reflects the educational philosophy of the applied talents. The book includes: semiconductor diode and its applications. semiconductor transistor amplifier circuit basis. FET and its circuit. integrated operational amplifier. negative feedback amplifier integrated operational amplifier applications. waveform generator circuit. low-frequency power amplifier circuit DC power supply. integrated analog multiplier in the high-frequency circuit. thyristor circuit. circuit simulation of Chapter 13. Which chapters with a \* as the teaching difficulty for elective. The training part of the first real virtual writing ideas. strengthen the ability of practical application. The book covers a wide range of well...
