Reviews

It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication that I changed the way I think.

This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2009 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 1,0, Ruhr-University of Bochum (Englisches Seminar), course: Victorian Britain, language: English, abstract: From today's point of view the society of 19th century Victorian Britain is either regarded as having been secular or, indeed, very religious. Both claims have their shortcomings and neither conveys the whole and true complexity of Victorian society. The former claim that it must have been a secular society seems to be highly influenced by contemporary - i.e. secular - views on society focussing mainly on scientific progress. The latter claim concerning the religiousness of Victorian society is especially popular among scholars studying that period who often focus strongly on religious aspects. However, the majority accepts the view that it is a combination of both aspects. Yet, it remains unclear or vague and hard to grasp what the people in Victorian Britain thought about their own times. There are quite a few books which deal with the state of mind of certain individuals. However, there are only few books which connect the different notions of the Victorian mind on a broader level. Further research on this specific field of study seems to be necessary. This paper will focus on the Victorian frame of mind at the beginning of the 19th century and will answer the question what the Victorian mindset actually looked like. I will examine whether it was in a stable condition or whether it was not and what people were concerned with. Therefore, the paper will mainly deal with questions about religious aspects and its opposites. In doing so, the...
